

AN UNFAIR ADVANTAGE FOR SPONSORSHIP SALES

In addition to providing key contact information for sponsorship decision-makers, Winmo incorporates placement information from Relo Metrics to show you which teams and leagues a brand is sponsoring and what those activations look like.

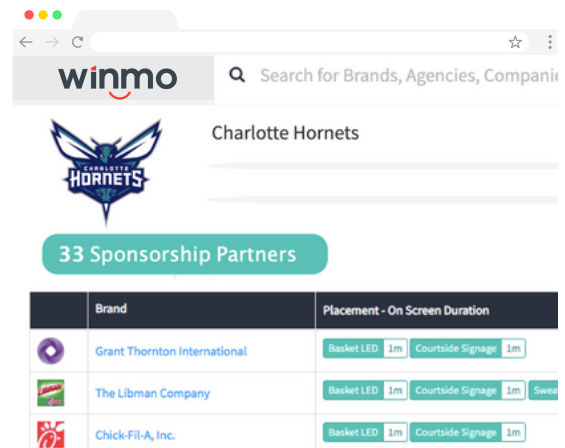

In-venue visuals

See placements in granular detail, with in-venue visuals and duration they appeared on-screen across TV, streaming and social.

Clearly Mapped Relationships

View team profiles to see associated brand sponsors, or brand profiles to see associated team and league relationships.
